MOTORS REPAIR

- Servo motors
- Spindle motors
- Back EMF
- Brake unit exchange
- Cleaning and painting

Before

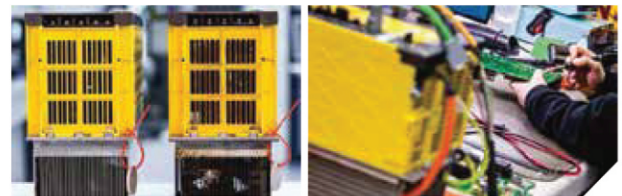

After

DRIVE REPAIR

- Servo Drive
- Spindle Drive
- Power supply units
- Robot six axis drives
- Tested with original FANUC Motors and CNCs
- Complete refurbishment
- Same lifetime as a new one

PCB BOARD REPAIR

- Printed Circuit Board (PCB)
 - CNC
 - Robot controller

ACCESSORY

- Teach pendants
- LCD units
- Operator panels
- I/O boards

SERVICE

RV TECHNOLOGIES

Committed to up your break down machine in minimum time period with optimum cost, & delivering best quality parameters.

Repair | Rebuild | Replace

RV Technologies repair and rebuild to their Original operating specifications and guaranteed the use of 100% genuine parts to OEM specifications

BUSH & BUSH BEARING

Spindle bushes, Precision, Split bush bearing

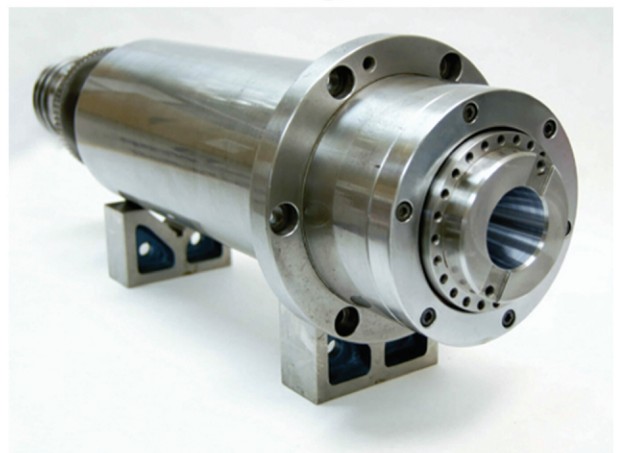

- > Close geometrical tolerances
- > Smooth functioning
- > Extended life cycle
- > Premium alloy used

1 Year warranty
on their reconditioned spindles

RV TECHNOLOGIES

- ★ Machining center Spindles
- ★ Turning center Spindles
- ★ Grinding center Spindles
- ★ Hydrostatic spindle services
- ★ PCB Spindles
- ★ Wood working Spindles
- ★ Allied Applications
- ★ All type of ballscrews service
